Subject: Public Comment: Roll Call

Hello,

I would like my comment read aloud:

My comment is for item 2 Roll Call.

John Green has requested that he be allowed to teleconference in from the Massachusetts General Hospital. However, earlier this week he declared on social media that he was released from the hospital and was heading back to his home in Maine.

While I am thankful that John Green is no longer hospitalized, his home in Maine is several hours away from Massachusetts General Hospital, let alone California. It is impossible for John Green to be teleconferencing from the approved location.

Unless John Green has verifiable proof that he is currently at the location in Massachusetts, I want the board to adhere to the Brown Act and declare John Green absent from tonight's meeting. I attached a photo of John Greens declaration of release from Massachusetts Hospital.

John Green needs to consider his priorities, focus on recovering, and resign from the Board. He has already served several years on the board.

The morning sun creeping into Bean Town. Going home today and looking forward to it as you can imagine. A week in even the best hospital on the planet is plenty. Thank you and goodbye MGH Hello Pemaquid and friends, bring on the sunset!
