

PLEASE READ MY LETTER IN THE PUBLIC COMMENTS REGARDING FIREWORKS

To the San Miguel CSD Board

I'm writing from the heart to ask that we continue to allow **safe and sane fireworks** in our community. For so many of us, these fireworks are more than a fundraiser or a tradition, they're memories with our families, moments of joy with our kids, and a reminder of what makes San Miguel feel like home.

We all want our town to be safe. But safe and sane fireworks are **not** the problem, illegal fireworks are. Taking away the legal ones won't stop the illegal use; it will only take away the one safe, controlled option our community has always counted on.

Local nonprofits rely on these firework sales to keep them functioning. Removing them would hurt the very people who work hardest to make San Miguel the caring, close-knit place it is.

Please don't take this tradition away from us. Instead, let's focus on stronger enforcement against illegal fireworks while keeping the safe, regulated ones that families here cherish.

Thank you for listening and for caring about our community.

Sincerely,

Laryn Tracey

San Miguel Resident
