Subject: Agenda 6.1. To be read out loud.

This email is to address agenda item 6.01.

This email is in support of Raynette in the position of CSD board member.

My name is Frank Galano a previous resident of San Miguel for 20 years. During that time we had the pleasure to meet Raynette and support her as the president of the CSD Board.

We found Raynette to be a loyal member of the community and in full support to guide San Miguel into the future. We were most deeply concerned when her term was up and she moved on. In my opinion you cannot find a more concerned citizen to represent San Miguel as Raynette, she is a most responsible and professional individual, she care for the city and supports the people's needs without politics or hidden agenda, a more loyal individual you will not find. We were most concerned at the end of her term and feared that we the people would not be as well represented, in fact that was exactly the case, as the agenda of the people was lost among the infighting and the hidden agendas that derailed the board. Has we are not able to attend this evenings meeting due to a medical issue, this letter serves and is in full support for Raynettes reappointment back to the board.

Awaiting your full support,

Yours truly,

Frank Galano
