Subject: Public Comment Relocation of District Office

Hello,

I would like my comment read aloud:

Why is the board wasting taxpayer money trying to move the CSD office? Why does John Green and Owen Davis think this is a good use of our money, but still wont put the booster pump on the agenda to get it shovel ready?

I hope the rest of the board recognizes that 34,000 a year plus set up costs for a remote CSD office is a waste of money. That money should be used to fix our infrastructure. For example getting the booster pump shovel ready for a grant. Shouldn't staff time be better used fixing problems? Our town deserves better.

Keep the CSD office where it is and stop giving into John and Owens waste of money and staff time.
