**Importance:** High

Hi Board Clerk,

I forgot to mention this is for item #6.1 and I wish t have my letter of support for Raynette Gregory read out loud.

Thank You  
Pamela Jardini

**Subject:** support for Raynette Gregory

I am writing to offer my strong recommendation for Raynette Gregory for appointment as a Director of San Miguel's Community Service District's Board. Raynette possesses the judgement, integrity, and the commitment necessary to serve effectively in this role.

Raynette is involved in the community and has a clear understanding of the complex operational, regulatory, and financial issues facing the community service districts in California. These include compliance with state and federal regulations, long term infrastructure planning, capital improvements, and the importance of maintaining the public's trust through transparency.

I know Raynette will approach decision making with professionalism and respect. She will listen to the General Manager, consultants, and the residents of San Miguel. Most importantly, she will foster a collaborative approach for productive working relationships with fellow directors, staff and community members - this is an essential tool for effective governance.

Although I do not live in San Miguel, I understand the challenges of serving as a Director on a community service district board since I have held that position. San Miguel's residents would be honored to have Raynette Gregory representing them.

Thank you,
